PAST EVENTS

Masha' Allah the community garden is thriving. Kudos to the gardening club sisters for nurturing the young plants.

Kids are having a blast in the summer camp. They have lunch and snack there . Everyday there are different activities. They made cupcakes, cookies, tacos. Flexed their creative muscles in making Tie and dye shirts. Went bowling .Pray duhur together and get Islamic education. The magnificent teachers and hard-working volunteers are doing a tremendous job under the leadership of our beloved Sr. Mountaha.

EDITOR'S NOTE

Many of us celebrated 4th of July on Saturday, June 29th in Fishers and as other communities continue to celebrate independence day throughout this week we are reminded how important it is to practice all our freedoms so they remain important.

From our freedom to differ in opinions to how we dress and behave our right to freedom of religion is not only an opportunity but a gift to remind ourselves daily of our priorities as Muslims.

We are not just living to enjoy but to make a positive impact on everyone and everything around us while keeping our relationship with Allah strong and worshipping him. I was reminded of this during the Fishers street parade because a Muslim little boy passed out sweets to everyone while we watched the entertainment.

In that moment I was reminded how every second is a chance to gain reward from Allah for our forever home after death. Every selfless act is dawa and this little boy made a huge impact. Most people probably didn't even know he was muslim but I recognized him from the masjid and he served as an example for me.

In everything we do let us dedicate part of our blessing to a selfless act so that our Akhira reminds us of how blessed we were also in this life. Alhamdu Lillah for everything.
